A revolution in Bespoke Bunded Storage Units. Quality and efficiency in one space.

Custom-made Bunded Storage Units. Designed to optimise your space.

BESPOKE STORAGE UNITS.

- Custom-made: At Emtez, we understand that your requirements are unique. That's why we've decided to manufacture bespoke bunded storage units, designed specifically to cater to your distinct needs. This allows you to shape your bunded storage space according to your specifications.

- Compliant with the APQ-10 regulation for flammable products.
- No plans or construction permits are required.
- Easy to move to a different location.
- Possibility to include access doors, preventing unauthorised personnel from entering.
